LINCOLN WINS ROAD CLASSIC FIREMEN REFUSE WAGE CUT

BY ALMOST UNANIMOUS VOTE THEY SHUN CUT

(By Associated Press)
CHICAGO, July 1.—Ninety-five per cent of the membership of the International Brotherhood of Firemen and Oilers voted against the wage cut ordered by the railroad labor board on all roads. President Healy announced today, as 1500 union leaders gathered here to pass on the order.

The maintenance of way men and shop crafts, which also have voted, will not announce their result until after a conference here today. One thousand general chairmen of the four big brotherhoods went into session at 4 o'clock with the leaders talking of "informal acceptance" of the cut. W. F. Kryder, of the Brotherhood of Locomotive Firemen and Enginemen, said such a resolution probably would be adopted.

BETHLEHEM CO. CUTS WAGES OF STEEL WORKERS

(By Associated Press)
HARRISBURG, Pa., July 1.—A wage reduction of 15 per cent by the Bethlehem Steel corporation, effective July 16, was announced to representative employees at the Steelton plant today.

HUGE SUM SPENT FOR FAKE MOVING PICTURE STOCK

(By Associated Press)
NEW YORK, July 1.—Fake movie stock gobbled up \$50,000,000 from gullible investors during 1920, says a report of the National Association of the Motion Picture Industry, which has a vigilance committee trying to stamp out promoters of wildcat film companies.

Hundreds of such companies, often organized by men who did not even know the difference between a cut-back and a close-up, not to mention the distinction between an ordinary platonic kiss and the lingering fade-away, were trumpeted by stock salesmen who pointed to great financial achievements by well-known film makers as an assurance that investors would soon receive gobs of dividend checks, the report indicated.

But the investigating committee discovered that most of these wildcat schemes died without leaving a foot of film to posterity. It then started a campaign of warning to the public.

This, the association claims, has been successful. "The danger of this sort of investment has been called to the public's attention with such force," its statement said, "that very few if any new producing companies have attempted to sell stock within the past six months."

"Stop, look and listen" applies to street crossings, too.

STRIKE CLOSES MINES AT GRASS VALLEY

(By Associated Press)
GRASS VALLEY, Cal., July 1.—Virtually every mine in the Grass Valley district is closed because of failure of a group of the larger operators and the miners' league to reach a wage agreement. About 600 men are idle.

ALLIES WILL NOT ALLOW NEUTRAL ZONE VIOLATION

(By Associated Press)
CONSTANTINOPLE, Turkey, July 1.—The allied high commissioners have informed the porte that violation of the neutral zone would be regarded as casus belli. The grand vizier has begged the Angora government to respect the allied demand for neutrality in the zone.

FEDERAL RESERVE SYSTEM IS ROASTED

(By Associated Press)
WASHINGTON, D. C., July 1.—Declaring he had been informed by the treasury that the federal reserve system had a surplus of about \$1,000,000,000 in excess of all requirements, Senator Smith of South Carolina declared in the senate today there should be an investigation of redoubt rates maintained by the reserve board. "Why should we have redoubt rates of 6 or 7 per cent when we have \$1,000,000,000 in surplus gold?" he asked, charging that federal reserve banks were calling loans and forcing farmers and business men into bankruptcy, although there were ample funds for commerce. The senator declared this was the "most monstrous showing ever made in the midst of agricultural and business distress."

RELIEF OF HOUSE SHORTAGE WILL BE DISCUSSED

(By Associated Press)
CHICAGO, Ill., July 1.—Plans for relief of the housing shortage will be taken up at the annual convention of the National Association of Real Estate Boards, convening here July 12. New federal tax legislation to stimulate building will be considered.

President Harding, in a recent conference with Fred E. Taylor, of Portland, Oregon, president of the association, said he wished to send a message touching on economic problems. Herbert Hoover, secretary of commerce, who has been studying the housing situation and who will have in his department a bureau to investigate and make public building costs and labor wages, will address the convention.

DE VALERA HELPED IN FREEING OF PRISONERS

(By Associated Press)
LONDON, July 1.—The political prisoners in Mount Joy, whose release yesterday, according to the Daily Mail, was unconditional. They were liberated, the newspaper asserts, in consequence of indirect representations from Eamon De Valera.

The Daily Mail says that although Sir James Craig, the Ulster premier, is unable to meet De Valera in Dublin officially, he is able at any moment to see him informally.

ADJOURNMENT PLAN OF SENATE IS DISRUPTED

(By Associated Press)
WASHINGTON, D. C., July 1.—Plans of senate leaders to begin a series of three-day recesses next week pending receipt of tariff legislation from the house were disrupted today by the insistence of advocates of the soldier bonus, maternity and agricultural relief bills that such measures be disposed of before the body temporarily stops work.

FORMER TRAIN ROBBER IS HELD FOR MAIL THEFT

(By Associated Press)
JEFFERSON CITY, Mo., July 1.—Jesse C. Rumsey, former train robber, who lectured on "Crime Doesn't Pay" following his recent release from the Missouri penitentiary, was returned here today and held for the federal authorities in connection with the theft of a mail pouch at Centralia Wednesday.

POOR DEMAND OF DIRIGIBLES IN GREAT BRITAIN

(By Associated Press)
LONDON, July 1.—Dirigible airships appear to be in little demand here. A number of them that cost the British government a hint of money to build are now practically going begging.

The air ministry announced some time ago that it was prepared to give up airships if they were not taken over by private persons for commercial purposes. It now states that it has been decided that unless an offer that amounts to something is received before August 1, all its airship activities will be discontinued.

WILL INSTITUTE AN ACCIDENT CAMPAIGN

(By Associated Press)
LOS ANGELES, Cal., July 1.—An educational campaign intended to reduce the number of traffic accidents in the congested districts of Los Angeles is being planned by the Los Angeles chamber of commerce.

DAUGHERTY WILL NOT ATTEND THE TITLE BATTLE

(By Associated Press)
WASHINGTON, D. C., July 1.—Attorney General Daugherty announced today he would not attend the Dempsey-Carpentier fight because he "had too much respect for the opinion of people who disapproved of prize fights and of whom I must be a sort of unofficial representative."

JAPANESE WILL TEST CAL. POLL TAX LAW

(By Associated Press)
SAN FRANCISCO, Cal., July 1.—The arrest of a prominent Alameda county Japanese on August 1 for failure to register under the state alien poll tax law is planned by Japanese informants in order to precipitate a test of the law. Albert Elliott, representing the Japanese Association of America, in its opposition to the law, announced today. The Japanese and others hold that as the law can apply only to certain classes of aliens because of treaties and agreements, it is unconstitutional.

RATS PURLOIN A STRING PEARLS IN ROMAN HOTEL

(By Associated Press)
ROME, July 1.—Mrs. Helen Wenning, an Alsatian residing in a fashionable hotel here, recently reported to the police that she had missed a pearl necklace from her jewel case. Everything was done to find out what had become of the gems. Detectives interviewed hotel employees but no clue could be found. A day or two later, one of the men, searching about the nooks and corners of Mrs. Wenning's room, found a piece of the necklace near a tiny hole in the floor. A thorough investigation was then made and from all that was found, the detectives concluded that rats had stolen away with the lady's string of pearls.

CONSIDER TRIPARTITE TREATY ON PACIFIC

(By Associated Press)
LONDON, July 1.—Reports that the imperial conference is considering a tripartite agreement between the United States, Great Britain and Japan relative to renewal of the Anglo-Japanese treaty are given prominence by the morning newspapers. By such an agreement, it is declared, a virtual triple entente for the Pacific would be established, and operation of the Anglo-Japanese treaty would be confined to the Pacific.

FORDNEY SAYS TARIFF BILL IS GREAT BENEFIT

(By Associated Press)
WASHINGTON, D. C., July 1.—Chairman Fordney of the house ways and means committee, in his first formal statement on the permanent tariff bill, said he did not "herald it as a panacea for all national difficulties" but predicted its effect upon American industry and labor would be entirely beneficial.

OBREGON HAS NO ALOOFNESS IN HIS MAKE-UP

(By Associated Press)
MEXICO CITY, Mexico, July 1.—President Obregon has shown on no previous occasions lately that there is nothing of the aloofness and unapproachability about him that characterized his predecessor, Carranza. He frequently dines in public with his wife and at one cafe where there is dancing he may be found at times escorting a friend in a promenade, although he does not dance.

At a recent wrestling match he aroused much applause when he quietly slipped into a box and was not at all backward in picking his man to win.

He still refuses to use Chapultepec castle, the beautiful presidential home, for a residence, preferring to live in a modest cottage nearby. The castle, however, is frequently used for small parties and the circle of Obregon friends is well entertained.

The president disdains pomp and show and even the few state receptions he has held have been modest. Always a good horseman, General Obregon may be seen almost any Sunday morning on the bridge path and on days of festa he frequently joins the automobile parade through Chapultepec park.

At no time does he carry a bodyguard, not even on a recent national holiday when rumors of revolution were rife. On that day he passed through thousands of spectators in an open carriage.

A Chicagoan claims the invention of a musical instrument that will revolutionize opera. Which inspires the hope that at last there is to be an orchestral accompaniment that will not drown the voices of the singers.

GEN. PERSHING NOW IS CHIEF-OF-STAFF

(By Associated Press)
WASHINGTON, D. C., July 1.—General Pershing today became chief-of-staff of the army, relieving Major General March, who was given leave of absence until his retirement in November.

SENATE RAILWAY INVESTIGATION IS SUSPENDED

(By Associated Press)
WASHINGTON, D. C., July 1.—The senate investigation of the railway situation was suspended today by Chairman Cummins of the interstate commerce commission until the middle or latter part of August. This was taken to mean there would be no railway relief legislation at the present extra session of congress.

HEIRS OF INDIAN TO GET OIL PROPERTY

(By Associated Press)
SAPULPA, Okla., July 1.—Oil lands valued at \$8,000,000 were awarded to the heirs of Leta Rabin, a Creek Indian woman, alleged to have been killed by her husband in 1918, in a decision handed down in the district court here today.

SYNDICATE HAS MEN LOOK FOR GOLD IN CANADA

(By Associated Press)
EDMONTON, Alberta, July 1.—A geological party has left Edmonton for the northwest territories to make a thorough examination of the structural formations of the north in the interest of a big syndicate representing British, Canadian, American and European capital.

The services of a topographer, surveyor and the necessary assistants to carry out a schedule of research work which has been mapped out have been secured, but no details are available regarding the destination of the party.

\$25,000 STILL IS CAPTURED BY DRY OFFICERS

CHICAGO, July 1.—A giant still, worth \$25,000, so large that it may be necessary to dynamite the house in which it is located to destroy it, was discovered by the police, and confiscated by federal authorities.

We hope those pirates now credited with operating off our eastern coast will be more definite than Captain Kidd was with relation to the burial place of the treasure.

BRAMLETTE GRABS OFF TROPHY IN ROAD RACE

Under the skilful guidance of Pilot Bramlett, the Lincoln car won the 100-mile Nevada road race over nine other competitors, making the entire distance in the remarkable time of 29 hours and 41 minutes. During the run from Gardnerville to Carson City the Essex was ditched with two broken wheels and a smashed spring, but after temporary repairs were made it resumed its journey to Reno, finishing second in the contest. The Buick car took third money.

The average mileage per hour made by the Lincoln was approximately 3 1/2 on two per hour over the entire stretch.

The race checked out this morning as follows: Lincoln at 6:30; Essex at 6:35; Buick at 6:40; Ford at 6:45. After breakfast, the Lincoln changed tires and took on oil and gas, which occupied 20 minutes, and started on the last lap at 6:39. The Essex, which was the Midland car, and removed some built in the afterthought housing and repainted its oil tank. The Buick, its actual leaving time being 6:52. The Ford after checking out straightened its front axle, took on oil and gas and got under way at 6:52 1/2. The Buick left shortly after the Lincoln after taking on gas and oil, having no repairs to make. It made its actual departure at 6:43.

The Oldsmobile, No. 2, went 300 miles out of its way going to Eureka and returning to Elko. It followed the Tompkins which has not been heard from. The Oldsmobile checked out at 6:45 a.m. delay and left at 11:10 for Reno.

L. A. WILL HONOR MARSHAL FOCH

(By Associated Press)
LOS ANGELES, Cal., July 1.—When Marshal Foch visits Los Angeles in November of this year, as he is expected to do, a holiday will be declared in his honor. The chamber of commerce of Los Angeles and other civic bodies have outlined a program which calls for a holiday proclaimed by Mayor Cryer, a parade of the American Legion and the national guard, a reception and other functions.

The Fourth of July is a holiday and gives the hands a day off. Foolishness gives the fingers a day off.
